There's a new kind of crisis threatening the heroes of the DC Universe, ripped from real-world headlines by C.I.A.-operative-turned-comics-writer Tom King: How does a superhero handle PTSD? Welcome to Sanctuary, an ultra-secret hospital for superheroes who've been traumatized by crime-fighting and cosmic combat. But something goes inexplicably wrong when many patients wind up dead, with two well-known operators as the prime suspects: Harley Quinn and Booster Gold! It's up to the DC Trinity of Superman, Wonder Woman and Batman to investigate–but can they get the job done in the face of overwhelming opposition?

HEROES IN CRISIS: A SANCTUARY FACT SHEET

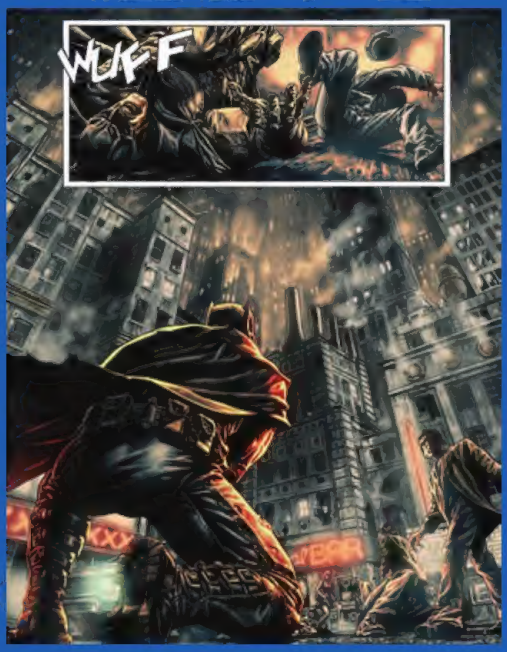
by **TOM KING**

- SANCTUARY is a safe place for superheroes to explore the trauma of their violent lives and deal with the after effects of the fight. They come, they rest, they confess and they move on.
- SANCTUARY was built five years ago when Batman, Superman, and Wonder Woman realized that emerging superheroes would sometimes need help dealing with the worst parts of the job.
- To the outside world, SANCTUARY appears to be a small, isolated ranch in rural Nebraska. But under the illusion, the ranch is in reality a sophisticated, futuristic compound based on Kryptonian technology.
- SANCTUARY is manned solely by robots and holograms. The only real people at Sanctuary are heroes.
- SANCTUARY provides the therapy the heroes of the DC Universe need.
- The typical stay at SANCTUARY ranges from a few days to a few weeks, and, on rare occasions, even longer
- SANCTUARY is a secret. The general public doesn't know of its existence
- To protect the privacy of the heroes, the Trinity discourages them from talking about SANCTUARY, though it is an open secret that many super heroes have visited the facility.
- Only three people know who goes to SANCTUARY: Batman, Wonder Woman, and Superman. No records of the visits are kept.
- Batman sees SANCTUARY as a necessity. Wonder Woman sees it as a kindness. Superman sees it as a good.
- And now, everyone who was at SANCTUARY is dead.
- Learn more about SANCTUARY in HEROES IN CRISIS #1!

DC LAUNCHES THE NEW IMPRINT DC BLACK LABEL TO BRING EDGY AND PROVOCATIVE STANDALONE STORIES TO THE LEGENDS OF BATMAN, SUPERMAN, WONDER WOMAN AND MORE!

DC Black Label, a new imprint from DC Entertainment, gives premier talent the opportunity to expand upon the canon of DC's iconic Super Heroes with unique, standalone stories that stand outside of DC Universe continuity. An all-star lineup of creative teams will craft their own personal, definitive DC stories in the tradition of compelling works like BATMAN: THE KILLING JOKE, DC: THE NEW FRONTIER and WATCHMEN.

"Many of our perennially best-selling, critically acclaimed books were produced when we unleashed our top talent on standalone, often out-of-continuity projects featuring our most iconic characters, a prime example being Frank Miller's THE DARK KNIGHT RETURNS," explains publisher Jim Lee. "Creating DC Black Label doubles down on our commitment to working with all-star talent and trusting them to tell epic, moving stories that only they can tell with the highest levels of creative freedom."

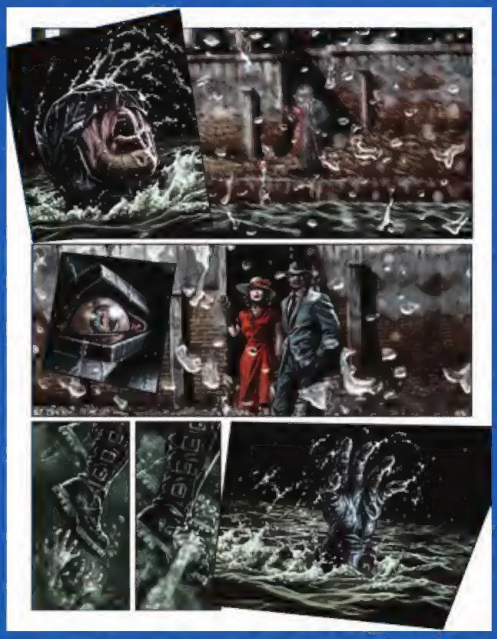


Each DC Black Label series will have a unique format and release schedule to best serve the story and creative vision. In addition, the new imprint will be brought to life with a stylized new logo, evoking the sense of sophistication fans can expect in these new series.

"DC Black Label offers leading writers and artists of any industry the opportunity to tell their definitive DC stories without being confined to canon," explains executive editor Mark Doyle. "We are carefully crafting each series to fit the vision of the creative team. All of these creators are masters of their craft. I'm psyched to be working on a Wonder Woman story with Kelly Sue and Phil, helping to bring John's vision of THE OTHER HISTORY OF THE DC UNIVERSE to life and reuniting with some of the greatest Batman talents in the industry."

Along with BATMAN: DAMNED #1 (see facing page), the following titles round out the first wave of DC Black Label projects:

- SUPERMAN: YEAR ONE written by Frank Miller with art by John Romita Jr.
- BATMAN: LAST KNIGHT ON EARTH written by Scott Snyder with art by Greg Capullo



WONDER WOMAN HISTORIA: THE AMAZONS by writer Kelly Sue DeConnick and artist Phil Jimenez

- WONDER WOMAN: DIANA'S DAUGHTER (working title) by writer Greg Rucka and an artist to be announced
- THE OTHER HISTORY OF THE DC UNIVERSE by writer John Ridley and an artist to be announced

DC BLACK LABEL, the highly anticipated new imprint from DC Comics, starts here!

The Joker is dead.

There is no doubt about that. But whether Batman finally snapped his scrawny neck or some other sinister force in Gotham City did the deed is still a mystery.

Problem is, Batman can't remember... and the more he digs into this labyrinthian case, the more his mind starts to doubt everything he's uncovering.

So who better to set him straight than... John Constantine? Problem with *that* is as much as John loves a good mystery, he loves messing with people's heads even more. So with John's "help," the pair will delve into the sordid underbelly of Gotham as they race toward the mind-blowing truth of who murdered The Joker.

BATMAN: DAMNED is a bimonthly supernatural horror story told by two of comics' greatest modern creators–a visceral thrill-ride that proudly puts the "black" in BLACK LABEL.

Years in the making, from the award-winning team of Brian Michael Bendis and multimedia sensation David Mack, comes a brand-new graphic novel experience. And it's all kind of based on a true story. Sort of...

Deep in the American intelligence community, someone realizes that comic book creators, who travel all over the world to sell their wares, might make the perfect cover for operatives in the dangerous, topsy-turvy world of intelligence and counterintelligence...and that's when all hell breaks loose. This is the story of the time the world of comics and the world of international spywork smashed together–with unexpected results!

Artist David Mack, follows his Emmy nominated work on *Jessica Jones*, and his critically acclaimed video work for Dashboard Confessionals and Amanda Palmer, brings another completely unique vision to this driving comedic spy story that is also a beautiful Valentine to all those creators who sit alone and make beautiful stories.

"A bleak but captivating portrait of the DCU's near future, one in which heroes like Batman and Superman face their ultimate test as public figures. The passion and craft involved in putting this book together simply can't be ignored."

–IGN.com

"An issue that gives us everything DOOMSDAY CLOCK should be: Johns' character work is inspired...the narrative gives us several fun mash-ups of DC and Watchmen characters, homages to the Moore/Gibbons classic, and artist Gary Frank's best use yet of the nine-panel grid format."

Harley's straight-up clowning around on her latest mission, and she's faced with a real laugher of a puzzle: How does she kill and collect the bounty on Lord Death Man, an immortal murder machine who seemingly can't be killed? Nevertheless, she will persist with a host of attempted assassinations, all doomed to fail. Time is running out, and Harley's running out of material, too!

Then, in a special anniversary story, "Harley Saves the Universe!"–no kidding! While reading a mysterious HARLEY QUINN comic book, H.Q. accidentally breaks all of reality. And you know the saying: if you break it, you bought it! Now it's up to Harley to travel through both time and space to fix all the continuity errors she created. Luckily, she'll have a little help, 'cuz riding shotgun is none other than special guest star Jonni DC, Continuity Cop! Good thing, too, because if Harley fails, it means her own mom will be lost forever. Gulp! That doesn't sound very funny!

A young woman is pushed to the edge by a world filled with police brutality and government corruption. But she's decided to fight back. Lighting a fire that will spark a modern American revolution, she is Scarlet. And this is her epic story: the now-classic SCARLET BOOK ONE.

SHAZAM!: THE MONSTER SOCIETY OF EVIL DELUXE EDITION HC

written by
OTTO BINDER

art by
C.C. BECK and PETE COSTANZA

cover by
MICHAEL CHO

At first he was simply a disembodied voice on the radio, taunting Captain Marvel with his ever-more-fiendish schemes to conquer the world. Then, readers gasped as Mr. Mind was revealed–all two inches of him! Was this lowly creature really the epitome of evil he claimed to be? Fortunately, Billy Batson understood the folly of underestimating someone based on their size! As small as he was, Mr. Mind was big trouble–especially once he turned the menacing members of his Monster Society of Evil loose to wreak havoc!

This new title collects the entire 24-chapter serial from the Golden Age of Comics with new essays by Fawcett Comics expert P.C. Hamerlinck and film producer and comics historian Michael Uslan. Collects stories from CAPTAIN MARVEL ADVENTURES #22-46!

DC BOMBSHELLS: HARLEY QUINN SEPIA TONE VARIANT STATUE

based on art by
ANT LUCIA

sculpted by
TIM MILLER

This Harley Quinn "Sepia Tone" variant statue has been designed to evoke the light-beige color tone that was frequently found in photos from the past. Nowadays the warm hues and reduced color palette can easily evoke feelings of nostalgia, which is a perfect fit for this polyresin statue of the Maid of Mischief, a playful throwback to the era of the Bombshells. So be sure to track down your statue before your purchase opportunity goes the way of sepia tone and becomes a thing of the past.

Inspired by vintage pinup art, the DC BOMBSHELLS statue line features DC superheroes during World War II, and also launched the DC Comics series of the same name.

- Figures measure 10.75" tall
